### LOG-IN

01

The test admin assigns a test to the candidate from the online platform. An email is then sent automatically to the candidate with the access codes.

---

### TEST PROCEDURE

02

The candidate completes the test from the online candidate platform.

---

### RESULTS

03

Test results and report immediately available on the admin platform after test is finished.

## Who We Are

At Bright Language, we continuously work to provide innovative lang solutions to help organizations to make the talent selection, mobility and training process more efficient, fast and successful.

### Deep Industry Experience

Thousands of companies and international organizations around the world assess their teams with us, IDEMIA, Air France Industries, Safran Group, Total, BNP Paribas, Manpower, Adecco, the French Air Force, and NATO are some of them.

### Three decades of expertise

For more than 30 years, we have been committed to providing tailored language solutions that will help human resources teams to make informed recruitment decisions and ensure that applicants have the right skills for the role.

### Reliability and flexibility

Our assessments have been developed and validated by experts to assure the accuracy of the results. The online platform can adapt and integrate to the organizations management systems.

## WHY CHOOSE US

More than 5 600 companies already chose Bright Language to assess their teams to increase talent attraction and retention by recruiting the candidates with the required language skills.
